## VORNADO REALTY L.P.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

## 1. ORGANIZATION

Vornado Realty L.P. (the "Operating Partnership," including the operations

of Vornado Realty Trust prior to the conversion described below) is a Delaware limited partnership. Operations commenced on April 15, 1997 when Vornado Realty Trust ("Vornado") a fully-integrated real estate investment trust ("REIT") converted to an Umbrella Partnership REIT ("UPREIT") by transferring substantially all of its assets to the Operating Partnership. As a result, Vornado now conducts its business through the Operating Partnership. Vornado is the sole general partner of, and owned approximately 85% of the common limited partnership interest in, the Operating Partnership at April 23, 1999. All references to the "Company" refer to Vornado and its consolidated subsidiaries, including the Operating Partnership.

## 2. BASIS OF PRESENTATION

The consolidated balance sheet as of March 31, 1999, the consolidated statements of income for the three months ended March 31, 1999 and March 31, 1998 and the consolidated statements of changes in cash flows for the three months ended March 31, 1999 and March 31, 1998 are unaudited. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flows have been made. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. These condensed consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in the Operating Partnership's 1998 consolidated financial statements included in its Form 10-K as filed with the Securities and Exchange Commission. The results of operations for the three months ended March 31, 1999 are not necessarily indicative of the operating results for the full year.

The accompanying consolidated financial statements include the accounts of Vornado Realty L.P., as well as interests acquired that individually (or in the aggregate with prior interests) exceed a 50% interest and the Company exercises unilateral control. All significant intercompany amounts have been eliminated. Equity interests in partially-owned entities include partnerships, joint ventures and preferred stock affiliates (corporations in which the Company owns all of the preferred stock and none of the common equity) and are accounted for under the equity method of accounting as the Company exercises significant influence. These investments are recorded initially at cost and subsequently adjusted for net equity in income (loss) and cash contributions and distributions. Ownership of the preferred stock entitles the Company to substantially all of the economic benefits in the preferred stock affiliates. The common stock of the preferred stock affiliates is owned by Officers and Trustees of Vornado.

Management has made estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting periods. Actual results could differ from those estimates.

Certain amounts in the prior year's financial statements have been reclassified to conform to the current year presentation.

Together with the Company's investment in CESCR made in 1997 and the units it reacquired in March 1999 from Vornado Operating Company, the Company owned approximately 34% of CESCR's limited partnership units as of March 31, 1999. In addition, the Company acquired from CAPI for \$8,000,000 the land under a Marriott Hotel located in

The purchase price was paid to CAPI by the Company issuing \$250,000,000 of 6% Convertible Preferred Units of the Operating Partnership. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Notes to segment information:

- (1) EBITDA represents net income before interest, taxes, depreciation and amortization, extraordinary or non-recurring items, gains or losses on sales of real estate and the effect of straight-lining of property rentals for rent escalations. Management considers EBITDA a supplemental measure for making decisions and assessing the performance of its segments. EBITDA may not be comparable to similarly titled measures employed by other companies.
- (2) Other includes (i) the operations of the Company's warehouse and industrial properties, (ii) investments in the Hotel Pennsylvania, Alexander's, and Newkirk Joint Ventures, (iii) corporate general and administrative expenses and (iv) unallocated investment income and interest and debt expense.
- (3) Includes adjustment of \$(4,324) for income taxes, which are considered non-recurring because of the expected conversion of the Cold Storage Companies to REITs.
- (4) Interest and debt expense, depreciation and amortization and straight-lining of rents included in the reconciliation of net income to EBITDA reflects amounts which are netted in income from partially-owned entities.

In March, 1999, the Vornado/Crescent Partnerships sold all of the non-real estate assets of the Cold Storage Companies encompassing the operations of the cold storage business for approximately \$48,000 to a new partnership

owned 60% by Vornado Operating Company and 40% by Crescent Operating Inc.

In March 1999, Vornado completed the sale of 3 million 8.5% Series B Cumulative Redeemable Preferred Shares, at a price of \$25.00 per share, pursuant to an effective registration statement with net proceeds to the Company of approximately \$72,200. Further in March 1999, 400,000 shares were sold when the underwriters exercised their over-allotment option resulting in additional net proceeds to the Company of \$9,700. The perpetual preferred shares may be called without penalty at the option of the Company commencing on March 17, 2004.

The Company anticipates that cash from continuing operations will be adequate to fund business operations and the payment of dividends and distributions on an on-going basis for more than the next twelve months; however, capital outlays for significant acquisitions will require funding from borrowings or equity offerings.

#### Year 2000 Issues

Year 2000 compliance programs and information systems modification were initiated by the Company in early 1998 to address the risk posed by the year 2000 issue. The Company developed a plan to address their affected informational (accounting, billing, payroll) and operational (refrigeration, HVAC, security, elevators, lighting, energy management) systems. The Company's plan also considers statements from outside vendors as to their year 2000 readiness.

The Company and its partially-owned entities have completed their initial assessment, inventory and planning phases of their plan and have determined that the majority of their systems, including all mission critical systems are already year 2000 compliant. The Company anticipates that any issues encountered with informational or operational systems will be remediated. The Company expects that where appropriate, all mission critical systems will be tested by June 30, 1999. The cost of the Company's year 2000 plan is not expected to be material to 1999 operations.

The Company believes that its exposure may be the failure of third parties (i.e., energy providers) in meeting their commitments which may result in temporary business interruption at the Company's buildings, retail centers, mart properties, cold storage warehouses and other real estate related properties. The Company has contingency plans for its own day to day informational and operational systems and is in the process of updating these plans. Failure of third parties with which the Company conducts business to successfully respond to their year 2000 issues may have an adverse effect on the Company.

#### Recently Issued Accounting Standards

In June 1998, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities". This statement establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. It is effective for all fiscal quarters of fiscal years beginning after June 15, 1999. Because the Company does not currently utilize derivatives or engage in significant hedging activities, management does not anticipate that implementation of this statement will have a material effect on the Company's financial statements.

In April, 1998 the American Institute of Certified Public Accountants issued Statement of Position 98-5, "Reporting on the Costs of Start-up Activities" ("SOP 98-5"), which is effective for the Company in the first quarter of 1999. The Company has no deferred organization costs or other deferred start-up costs as defined in SOP 98-5, and therefore adoption of SOP 98-5 had no impact in the first quarter of 1999.

#### ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISKS

At March 31, 1999, the Company had \$1,486,138,000 of variable rate debt at a weighted average interest rate of 6.32% and \$620,899,000 of fixed rate debt bearing interest at a weighted average interest rate of 7.01%. A one-percent increase in the base used to determine the interest rate of the variable rate debt would result in a \$14,861,000 decrease in the Company's annual net income (\$.17 per diluted share).
